

EVELYN FIERCELY EXAMINED BY IMPLACABLE JEROME ON HER FORMER STORY

But He Fails to Make Any Appreciable Progress
Toward Breaking It Down

"IT IS TRUE" SAID THE WITNESS FIRMLY

Which Answer Opened the Way for District Attorney to
Open All His Batteries in Effort to Shake
Her Credibility as a Witness.

New York, Feb. 20.—Tension was at high point about the Thaw trial this morning. Everyone believed a crisis at hand. The importance of Jerome's cross examination of Evelyn Thaw was not to be overestimated. Upon the final decision of the jury in a great measure will depend—for it will settle whether the wife's story will stand and many believe Thaw's life really hangs upon this thread.

Court was convened at 10:30.

Thaw walked in briskly as usual. Attorney Gleason was absent from the Thaw counsel table again. Evelyn was the first witness called and Jerome resumed the cross examination. Evelyn's costume was the same as yesterday. She betrayed her agitation by evidences of nervousness. It was seen she was prepared to use a woman's weapon—tears—against Jerome's attack and appeal to the sympathy of the jury should she be subjected to the severe ordeal Jerome has clearly planned. Her right glove was only partly on and she continually fidgeted at it. Her handkerchief was tucked in her breast pocket.

She emphasized her replies by nodding or shaking her head, and spoke more slowly than yesterday.

Jerome produced several photographs of Evelyn when she was an artist's model and questioned the witness as to when they were taken. The first picture was termed a "butterfly picture," in which Evelyn is shown in a kimono which she said Thaw had given her.

Jerome questioned her about posing for artists and photographers in Philadelphia before coming to New York. Evelyn said she had never posed there with more of her body exposed than her arms and shoulders.

While this was going on one of Jerome's assistants entered the court room bearing an armload of photographs of the former model which the prosecution prepared to show to her.

Jerome questioned her as to her posing in New York, asking whether she had ever been photographed or painted with her breast exposed. She answered positively that she had never posed in such a condition.

"You are certain you never posed for a painting or photograph with your breast exposed?" asked Jerome.

"I never did—I always posed with clothes on," she moved her hands from her throat to her waist and said "Do you mean without anything on here—I have posed in low necks, but never, never like that."

Jerome then asked her about where her mother lived after coming to New York.

"When was your picture first published?" asked the prosecutor.

"I think it was in a paper in June, 1901, about the time I went on the stage."

"Was it in the Broadway magazine?"

"She mumbled that perhaps it might have been."

"Then reporters called and asked for your picture?"

"Yes, sir."

"You gave them and they were published, explaining that you were on the stage and that you were no artist's model."

"Yes, sir."

IN FLORODORA COMPANY.
She said she was first in the Florodora company. In reply to the district attorney that previous to coming to New York, when they were in Philadelphia, she contributed practically all the support of the family, averaging about \$18 per week.

Jerome then plunged into an examination regarding letters Evelyn received from White, bringing out the fact that fourteen letters written to Evelyn while abroad in 1903, are now in Thaw's lawyers' hands and listing that others had been destroyed. He made a demand on Mr.

Hartridge for the letters, but the latter declined to produce them.

WILL NOT SURRENDER LETTERS

Jerome questioned Evelyn regarding visits to a certain warehouse with attorneys to take away letters and papers written by White. She admitted having gone with Hartridge, but couldn't remember a trip with another attorney regarding which the prosecutor pressed her.

"Didn't you have a large number of letters from Stanford White?"

"Yes, sir."

"In all these letters was there a single word of indecency or impropriety?"

"I don't remember much about them."

Pinned down to tell when she last saw White's letters Evelyn said she had given them to Thaw and he in turn gave them to Hartridge.

"Those letters which you gave to Mr. Thaw and he gave to Mr. Hartridge, how many were there?" pursued Jerome.

"Fourteen."

These letters, Jerome drew from the girl, had been received by her from White while she was abroad in 1903, and she gave them to Thaw.

"Did you give them to Thaw immediately after receiving them?"

"Yes."

Evelyn said she had received other letters from White prior to her European trip, but could not remember where they are.

"Have you any other letters from White?"

"No."

Jerome made a formal demand on Mr. Hartridge for the 14 letters which Evelyn said he had, but Hartridge declined to surrender them.

OTHER LETTERS RECEIVED.
She said letters other than the 14 received there were taken by her to Paris.

"Did you get any letters from a warehouse in New York?"

"Yes."

She said it was the Morgan warehouse. Jerome tried to bring out that she had obtained some letters. She said she did, but she showed all to Thaw. Some of the papers and letters are now in a trunk in Paris, but she could not say whether any of these were written by White to her.

QUESTIONED AS TO GARLAND.
Jerome reverted for the moment to the night at White's twenty-fourth street studio, where Evelyn testified White had ravished her. Evelyn seemed to shrink down in her chair. Jerome merely tried to catch the girl on the question of the time, and meeting with little success dropped the subject.

Mrs. Thaw said that her relations with her mother were pleasant until their quarrel, and that nothing the mother had done prior to that time had caused her to believe she had sacrificed her for pecuniary reasons. Jerome asked Evelyn about her relations with James Garland, who was seeking a divorce in the spring of 1901, several months before she had met White. She admitted she and her mother spent many Sundays on Garland's yacht. Jerome had posted himself from a statement made by Evelyn's mother which he held in his hand. Delmas vigorously objected, saying the statement hadn't been produced in evidence, and if Mrs. Holman had anything to say she could be brought here.

"I'd like to have her," said Jerome.

"Do you want me to answer that question?" said Jerome, as Delmas avoided a direct reply, and Jerome laughingly said, "No, you don't want me to answer it." He then continued the statement and asked, "Were you a co-respondent in the Garland's divorce suit?"

Objection was made to this and Jerome withdrew it. Evelyn said her friendship for Garland continued until 1901, when she met Stanford

FUNERAL SERVICES IN CARNEGIE HALL

White, when it ceased abruptly. She said she met Jack Barrymore while she was with the Wild Rose company.

Jerome then asked if her mother had called for her every night up to the time she met Stanford White, while playing with Florodora.

Witness answered, yes. She admitted that Howard called once when her mother was sick. She then identified a letter as being in her brother's handwriting. At this point recess was taken.

Mrs. Thaw almost ran from the room with almost a smile on her face. A quick glance from her husband assured Evelyn that she had acquitted herself well. Court reconvened at 2:0 with Evelyn on the witness stand.

JEROME QUIZZED HOWARD.
Assistant District Attorney Garvan was in conference for a long time last night with Howard Nesbit, Evelyn's brother, and some of Evelyn's former chorus girl friends were also examined. They furnished the prosecution with the points upon which to base the fight to impeach the girl wife's testimony.

One phase of the defense has been revealed by the attention which its experts devote to Harry Thaw every moment he is in court. Never do the alienists hide by him take their eyes from Thaw. Dr. Evans sits by Thaw's side most of the time, conversing with him at every possible opportunity.

These men are preparing to combat Jerome's experts if they swear from their observation of Thaw in court, that he is at present insane. Having access to Thaw and opportunity to converse with him, the defending attorneys believe their testimony should save Thaw from the insane asylum.

SPREADING RAIL CAUSED WRECK ON N. Y. CENTRAL

New York, Feb. 20.—The fact that a spreading rail caused the wreck of the White Plains express on the New York Central railroad last Saturday night, in which 21 persons were killed, was developed at the coroner's inquest. The New York Central's engineer of maintenance of way, H. S. Pallett, testified that he found that the end of one of the rails on the outside of the curve at the point of derailment had been sprung a distance of five inches.

ANOTHER WARRANT ISSUED FOR LANG IN COLUMBUS

Columbus, Feb. 20.—Local Superintendent Henry C. Lang of the Cleveland Trinidad Paving company, now under \$2,000 bonds on a charge of bribing city officials, is wanted on a second accusation. The police, into whose hands the warrant was put, have thus far, however, failed to find Lang. Friends say he is in Cleveland.

CONFIRMATION OF THE CONFESSION OF DAVE CURTIS

That He Was the Murderer of Dona Gilman Given Dayton Police by a Woman.

Dayton, O., Feb. 20.—Practical confirmation of David Curtis' confession that he slew Dona Gilman is in the possession of officials here. Curtis confessed that when Dona Gilman alighted from her car and started up Groveland avenue, the night of the murder he jumped off the car and started a fight with her. He said he saw a light in the house near the corner.

This is the home of Mrs. Mary Dohner. She told her story to the officials some time ago, but it has been carefully guarded. She says she saw Dona Gilman leave the car and a man swing off at the same time and recost her. The man's description as given by Mrs. Dohner fits Curtis.

TRUSTEE DEPOSED.
San Francisco, Feb. 20.—Dr. C. N. Ellinwood was deposed as president of the Cooper Medical College and the Lane Hospital, the trustees charging he withheld from \$400,000 to \$500,000 left in his keeping for the benefit of the institutions by the widow of the late Dr. Lane, who died four years ago. Ellinwood says the money was intended as a personal bequest.

Situation in Butte, Mont., Where There is a Pressman's Strike and Lockout.

Butte, Mont., Feb. 20.—The suspension of the four daily papers in Butte and Anaconda has had a remarkable effect on all business in Butte. For a week no daily paper has been printed in Butte because of the strike of twelve pressmen and the lockout of printers, news writers, etc., and the business of merchants has dropped from 25 to 50 per cent. Some of the large department stores which carried page advertisements in the papers claim their business has fallen off 60 per cent, and some other lines of business like dentists, jewelers, etc., have almost entirely been wiped out.

The newspaper publishers have declared they will not resume publication unless the printers accept a 50 cent per day reduction in wages, and make other concessions in international typographical rules. It seems to be the understanding that at least two of the dailies, one evening and one morning paper, will never resume publication.

ATTACK MADE BY HONDURANS WAS REPULSED

AND AFTER SEVERAL HOURS
FIGHTING GEN. BONILLA
WAS ROUTED.

BATTLE ON THE FRONTIER

Business in Both Nicaragua and Honduras is Paralyzed—President Zelaya Plans Union.

New Orleans, Feb. 20.—A dispatch from Managua, Nicaragua, says: The troops of General Bonilla, president of Honduras, Monday attacked forces of General Zelaya, president of Nicaragua, which were guarding the Nicaraguan frontier. After many hours' fighting the army of Honduras was defeated.

A press cablegram received here from Puerto Cortez, Honduras, dated Feb. 18, states:

The attitude of Honduran government in the present imbroglio with Nicaragua was forcibly expressed recently by the arrival here of a declaration by the national congress of Honduras, that this republic is in a state of siege. This declaration was issued at Tegucigalpa, the capital, on Feb. 5, and on the day following 2,000 men marched to President Bonilla's executive mansion, where congress was in session, and demanded war against Nicaragua.

The mass meeting brought up the subject of armed American camps during a discussion of enormous concessions granted by Nicaragua to foreigners, part of these grants being situated in territory awarded to Honduras by the recent settlement of the boundary dispute between Honduras and Nicaragua by the king of Spain. Reports were current some months ago, it was declared by the mass meeting, that Nicaragua expected the American companies and their men to aid them against Honduras in defending their grants, and it is known that these American companies have been arming. Concerning these concessions, in which Americans are said to be interested, the Honduran congress early this month passed a decree to protect the concessionaires.

It is declared that the ambition of Zelaya is to establish a union of the states of Central America. His plan is to replace the present presidents of these states by others favoring his project. He is trying to begin with Honduras, which is considered the weakest of these countries. The government of Costa Rica is enforcing the existing statutes to prevent the arming and organizing of Nicaraguan "emigrados" or refugees who are living in Costa Rica.

Business in both Honduras and Nicaragua is paralyzed. The recruiting of men is causing heavy losses to the coffee planters. Last week Honduras received a large consignment of war material.

GIRLHOOD TO WOMANHOOD

Lydia E. Pinkham's Vegetable Compound

ELLEN M. OLSON

CLARA E. DARMSTADTER

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude, when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, will at this time prepare the system for the coming change, and start this trying period in a young girl's life without pain or irregularities. It has been thus depended upon for two generations.

Hundreds of letters from young girls and their mothers, expressing gratitude for what Lydia E. Pinkham's Vegetable Compound has done for them, are constantly being received.

Miss Ellen M. Olson, of 417 N. East St., Kewanee, Ill., writes:—

Dear Mrs. Pinkham:—
"I have had the best doctors in our town for my sickness and they all thought that an operation was necessary. I had headache,

No other remedy has such a record of actual cures of female ills. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound and what it has done for them.

FOR REFORM IN PARTY PRIMARIES

New Association Formed to Labor For an Advanced Primary Election Law in Ohio.

Columbus, O., Feb. 20.—Announcement was made last night of the formation of the Ohio Association for Primary Elections. It is non-partisan and hopes to be effective in bringing about the passage of an advanced primary election law by the legislature next winter.

Its officers are Judge Gilbert H. Stewart, president; Representative Hiram L. Bronson, vice president; George U. Marvin, secretary.

The strength of the new organization will be in a large executive committee, still unformed, but to be composed of men of both parties in each county. The intention is to create a sentiment in favor of compulsory primaries of both parties on the same day and to bring this sentiment to bear on members of the legislature who opposed the bill last winter.

NEGRO GUARDS

Believed Shots Came From the Town, Brownsville Case.

Washington, Feb. 20.—Members of the guard on duty at Fort Brown, Tex., on the night of the Brownsville affray, were witnesses in the investigation conducted by the senate committee on military affairs. Former Corporals Ray Burdett and Anthony Franklin and Former Private Carolina De Saussure were on the stand. All were in the guardhouse as relief guards when the firing began. Burdett thought the first two shots awakened him, and he believed they were fired from the town. He said he was sent to the barracks to investigate the shooting. While near the barracks he said he saw the flashes of about 10 gun or rifle shots, and the shots appeared to be elevated over the barracks. The heaviest firing, he asserted, was from back in the town.

WILL DETERMINE EFFECT OF DRUGS ON A MURDERER

PENITENTIARY PHYSICIAN AND ALIENIST TO EXAMINE DR. HAUGH.

Col. W. J. Bryan at Columbus—Rockefeller Files Bond—News of Ohio Briefly Told.

Columbus, O., Feb. 20.—Dr. E. E. Arnold, day physician at the penitentiary, proposes to make an examination of Dr. Oliver Crook Haugh, the Dayton man sentenced to be electrocuted for the murder of his parents and brother, to determine the effects of the drug habit upon a person's mental and physical condition, providing Haugh makes no objection. Dr. Arnold will be assisted in the examination by a leading Columbus alienist. Dr. Haugh has now entirely recovered from the drug habit.

The object of the examination is to determine, for the purposes of medical science, the effects of the drug habit upon a man and the degeneracy it breeds in the mind and body. Dr. Haugh is considered perfectly sane at this time. It is not the intention of the physicians to subject the condemned man to any indignity or inconvenience. If he will submit they will examine him, and if he does not there will be no action taken.

Last of the Gang in Prison.

Dayton, O., Feb. 20.—The remaining members of the Bungalow gang, considered by the police of this city the worst band of outlaws in Ohio, were sentenced to the penitentiary. Rose Shafer, the brains of the gang and paramour of Charles Stimmel, electrocuted at the penitentiary several years ago; James Hollis, James Carroll and James Moore, were all sentenced to the penitentiary for from eight to ten years. Two other members of the gang have been killed while robbing stores in the past year.

Files John D.'s Bond.

Findlay, O., Feb. 20.—J. O. Troup of Bowling Green, O., one of the attorneys for the Standard Oil company, filed the personal bond of John D. Rockefeller in the sum of \$1,000 "for his appearance at the next term of court and for each succeeding day thereafter when wanted," to answer to the indictment pending against him in the Hancock county common pleas court. The bond is also signed by James O. Troup and J. C. Donnell.

Colonel Bryan at Columbus.

Columbus, O., Feb. 20.—William J. Bryan arrived in the city at noon and was escorted by a committee to the Chittenden hotel. Mr. Bryan will be the speaker tonight at the annual banquet of the Columbus board of trade. It is estimated that 1,200 members of the organization will be in attendance. Mr. Bryan's theme will be "The Old World and Its Ways." The banquet will be held in Memorial hall.

The Ohio Dairyman's association is also holding its annual meeting at the university. John D. Nichols of Cleveland is president. Interesting exhibits of dairy machinery and butter have been prepared.

Racy Letters.

Cleveland, O., Feb. 20.—Fifty persons have been subpoenaed as witnesses at the trial of Mrs. Mary Felcht of Canton, to be tried for sending improper matter through the mails. District Attorney Sullivan has in his possession over 100 letters sent to the best citizens of Canton, which will be used as evidence in the trial. Many of the letters are grossly vulgar.

Deprecates Preaching.

Hamilton, O., Feb. 20.—At the meeting of the Ministerial Alliance Rev. H. Nevins Kerst spoke on "The Foolishness of Preaching." "It is apparent foolishness to preach," said he, when there are so many newspapers, magazines and periodicals which men and women can read at home on the Sabbath after a week's hard work."

Hot Metal Explodes.

Cleveland, O., Feb. 20.—One man was killed and another fatally injured by an explosion of hot metal in the Newburg plant of the American Steel and Wire company. The accident occurred in the red mill. Both of the men were foreigners.

Paris, Feb. 20.—By a majority of 251 the chamber of deputies not only expressed confidence in the government and authorized it to conclude negotiations for leasing of churches to parish priests, but it indorsed with storms of applause a remarkable speech made by Minister of Education Briand, in which the extreme Left was openly rebuked for its intolerant spirit. The minister declared it was unworthy of republicans, or even free-thinkers, not to respect the faith of millions of their fellow countrymen. The object of separation, he said, was disestablishment, not persecution.

Also save time, for time is valuable. The foolish man or woman starts out to hunt a room or a position.

How many miles will you travel in such a quest? How much car fare will you spend? How much shoe leather will you wear out? And after all, how many people can you see?

Not many. If in your travels looking for employment you happen to find a man needing help, you are so fagged out you can't talk to him with any show or enthusiasm. He concludes you are slow or dull and decides he does not want you.

A little want ad., that costs you 25 cents, will see thousands of people and talk to them eloquently, while you might wait in the ante-room to be told "he is too busy to see you." Someone will be struck by your offer and your fortune may be made.

Radicals on Top.

St. Petersburg, Feb. 20.—The available returns of the balloting in the final elections of members to parliament picture a decisive general victory for the opposition over the government forces, coupled with a significant overmastering of the Constitutional Democrats by the more radical parties, such as the Group of Toil, the Social Democrats and the Social Revolutionists. The present indications are that the Constitutional Democrats will be driven either to co-operate with the Octoberists in tactical questions in order to preserve the house, or they will drift further under the dominance of the radicals by combining with them.

NEWARK'S WATER WORKS PROBLEM

Practical Action Taken by the City
Council That May Settle the
Vexed Question.

The Newark City Council finally
awakened to a realization of its re-
sponsibility and took action Monday
night in line with a practical plan
for settling the troublesome water
works question that has perplexed
our people for the past two or three
years.

The Council unanimously passed a
resolution authorizing the Board of
Service to direct the consulting hy-
draulic engineers in the employ of
the city to hold a joint conference
with the engineers in the service of
the owners of the present water
works for the purpose of making an
effort to agree upon the value of the
plant.

This may result in a solution of
the problem of municipal water
works ownership for our city. At
least it may result in affording the
people an opportunity to vote on a
proposition to purchase the plant at
some fixed price.

There is no disguising the fact
that the people are tired of holding
special elections for the purpose of
voting more money to build a plant
that cannot be made to pay the cost
of maintenance while a well managed
private plant is in the field as a com-
petitor for business and patronage.
Were another such proposition sub-
mitted to the people of Newark today
it would be voted down by many
more negative votes than were cast
at either of the two previous special
elections that have been held.

The people now want a chance to
vote on a proposition to purchase the
present plant at some price with a
view to removing it as a competitor
of a plant that the city may build
and for the purpose of securing its
revenues for the benefit of the city
treasury.

This desire does not consist of any

erty to vote in favor of purchase at
an unreasonable price. That is en-
tirely a different consideration. The
people hope that some price can be
agreed upon that will make the
plant's purchase a wise and beneficial
business proposition for the city.

The action of the Council is timely
in this regard because provision is
to be made by which the people, if
they are given an opportunity, will
know what they are voting for. Pro-
vision is to be made for a complete
schedule of the water works property,
with the figures of competent engi-
neers showing the value of every
detail as well as the value to the city
of the property as a whole.

This action of the Council deserves
the credit of being an effort on prac-
tical lines for acquiring a much needed
and much desired adequate water
works system for Newark. It should
at least inspire hope in the minds of
all our citizens who deplore a hope-
less debt burden and desire relief
from a prospective unbearable tax
burden upon our city.

HELP THE BOARD OF TRADE.

It behooves every citizen of New-
ark to take a lively interest and an
active part in the efforts now being
put forth by the Newark Board of
Trade to raise \$12,000 within the
next few days, for the purpose of
bringing to Newark valuable manu-
facturing plants as well as to use in
the promotion of some interests al-
ready located here. It is said that
the soliciting committees have not
had the success which should have
been theirs, and in many instances
met with refusal to contribute, or
half hearted response with a paltry
sum.

In many cases, it has been true,
there was an immediate and gener-
ous donation, principally from those
who are moderately able to give,
while certain real estate men, and
property owners about the square,
are said to have treated the proposi-
tion in a manner at least indifferent.

It is patent to any one with a mod-
icum of business foresight, that this
latter class are certainly standing in
their own light on the proposition,
which will become painfully apparent
to them when their store rooms are
empty, or the renting value materi-
ally decreases.

The members of the board are men
of honesty and wisdom. They have
thoroughly investigated every propo-
sition and unqualifiedly give their
indorsement to them, and ask the
people of our city to help along in a
work which they are assured will be
of immeasurable benefit to our city.
They are not working a "bunco
game," but come before the people
with an honest proposition, open to
the fullest investigation along every
line.

Let every one who believes in the
advancement of our city in every way
materially, come forward and lend a
liberal helping hand.

FIVE CHILDREN SENT TO HOME BY PROBATE JUDGE

THEIR FATHER JAMES CLEMINGS
IS IMPRISONED IN THE
COUNTY JAIL.

CHARGED WITH FOUL CRIME

And the Mother Was Unable to Sup-
port the Little Ones—Court
House News.

A sad case came up for disposal by
the Probate court. Some days ago
James A. Clemings, a young farmer
residing a few miles north of Newark
in the Dry Creek region, was arrest-
ed on the charge of attempted crim-
inal assault on his little seven year
old daughter, and also on a charge of
assault and battery on his wife. He
was taken before Mayor McCleery,
who assessed a heavy fine and jail
sentence on the assault and battery
charge. Since Clemings has been
confined in jail his wife has found it
impossible to provide for herself and
her five small children, and for some
days has been in very destitute cir-
cumstances. In fact so desperate did
her condition become that she was
finally compelled to appeal to the
trustees of Newton township for as-
sistance, and they advised that the
children be sent to the Children's
Home, which was done by the Pro-
bate court. The children are William
E., aged 12; Lillian F., aged 8; Mary
N., aged 6; Edith R., aged 4, and
Guy W., aged 2.

County Commissioners.

At a meeting of the county com-
missioners on Tuesday, February 19,
the following resolution was adopted
by the unanimous vote of the board:
Resolved, By the Board of County
Commissioners of Licking county, O.,
that in conformity to the provisions
of Bates' Revised Statutes of Ohio,
Section 4904 (Lanning's section
3377), during the months of October,
November, December, January, Feb-
ruary, March and April of each year,
there shall not be transported over
any public highway in Licking county,
O., when in the judgment of the
trustees the roads are in such condi-
tion as to be injured or destroyed by
the hauling of excessive loads in any
vehicle a burden including the weight
of the vehicle itself, of more than the
following weight:

- Vehicles having a width of tire less
than three inches, 3400 pounds.
- Vehicles having a width of tire of
three inches, 3800 pounds.
- Vehicles having a width of tire of
four inches, 4000 pounds.
- Vehicles having a width of tire of
five inches, 4250 pounds.
- Vehicles having a width of tire of
six or more inches, 4500 pounds.

The trustees of each township are
designated and appointed to see that
the above regulations shall not be
violated in their respective townships,
and the county auditor is instructed
to furnish the township trustees with
suitable notices containing a copy of
this resolution, which shall be posted
in each township in enough public
places to inform the general public of
the adoption of these resolutions.

Regulation of Burdens on Improved Roads.

It shall be unlawful for any per-
son or persons, firm or corporation,
in any county having free or toll
macadamized, graveled or stone
roads, to transport over such roads,
in any vehicle having a tire of less
than three inches in width, a burden
including weight of vehicle, of more
than 3400 pounds. The county com-
missioners of every county shall con-
stitute a board of directors for their
respective counties, with power to
prescribe the increased gross weight
in quantity greater than 3400 pounds
that may be carried, including weight
of vehicle, in vehicles having a width
of tire three inches or upward, and
cause such regulations to be record-
ed in their journal. O. L. 8377 Lan-
nings; 4904 Bates.

Penalty for Violation of This Act.

All persons violating this act or
any regulation duly prescribed by
the aforesaid board of Commission-
ers made in pursuance hereof, shall
be guilty of a misdemeanor, and on
conviction shall be fined not less than
\$5 nor more than \$50, and shall be
imprisoned until the fine and costs of
the prosecution are paid, or said per-
sons so convicted, duly discharged
according to law. The board of trust-
ees, or any of them, or any pike
superintendent or commissioner with-
in their respective jurisdiction, or
any owner or president of any turn-
pike company owning or operating a
turnpike road within any county, and
the county commissioners within
their respective counties, shall cause
to be prosecuted all persons violating
this act or violating any regulations
prescribed by the board of county
commissioners, made in pursuance of
the authority herein conferred. The
county commissioners within their
respective counties are hereby em-
powered to appoint some suitable
person or persons to enforce the re-
quirements of this act, and such re-
gulations as are made in pursuance of
the authority herein conferred, and

the person or persons so appointed
shall receive, upon any conviction for
an offense by them prosecuted under
this act, such portion of the fine or
penalty as the commissioners may
deem just and proper; and on com-
plaint of any freeholder, and if, in
the opinion of the board, owner or
president of any such turnpike com-
pany, the complaint is well founded,
the said board, owner or president of
any such turnpike company may also
enjoin any person or persons who are
engaged in the business of trans-
porting heavy loads over such roads
in violation of the requirements pre-
scribed under it, and the court in any
such action may render judgment
against the defendant or defendants
for any damage done.

Accounts Filed.

Mrs. Clara Stunett White, admin-
istratrix of the estate of Edwin Sin-
nett, deceased, of Granville, has filed
her second and final account.

Charles W. Miller, guardian of J.
M. McCamey, has filed his first and
final account.

Corra B. Clark, administratrix of
the estate of Curtis Bailey deceased,
has filed her final account.

In Common Pleas.

In the case of the State of Ohio vs.
Albert Dague, the trial of which was
begun to the jury Tuesday morning,
on the convening of court Wednesday
morning the defendant plead guilty to
assault and battery. The defendant
was sentenced to pay a fine of \$50 and
be imprisoned in the county jail for
60 days. The defendant was indicted
for assaulting with intent to kill Ho-
mer Conway, near Johnston. Fitz-
gibbon; Bolton, Smythe & Smythe.

For trial this afternoon. State vs.
Mitchell.

Sentenced to Ten Days.

Truman Lewis, who was indicted
for highway robbery and for assault
and battery, was brought into court
and entered a plea of guilty of as-
sault and battery. He was sentenced
to 10 days in the county jail.

Suit for Damages.

In the case of George W. Chism vs.
the Newark Telephone company, the
defendant, by its attorneys, Kibler &
Montgomery, filed its answer Wed-
nesday afternoon. Chism alleges
that he was the owner of a horse
which was injured by reason of get-
ting mixed up in the wires belonging
to the defendant on the Buckner farm
near Centerville, on the Newark and
Granville road. The telephone com-
pany denies all liability.

"DINNER'S COMING --I SMELL IT"

Does Your Stomach Feel Happy when
Meal Time Comes?

When you sniffle in the air the ap-
petizing aroma of something cooking,
do you feel that you could sit down,
open your mouth, pin back your ears
and eat with a delicious gusto, every-
thing set before you, and not feel any
bad effects from it?

In other words, can your poor
stomach take care of everything and
anything you put into it? There are
thousands and thousands of people
who do not know what it is to have
a good, strong, healthy stomach, nor
do they realize what it is to have a
good appetite.

You can have an all powerful stom-
ach and a fetching appetite for every
meal, and every day, if you give your
stomach a rest, and let something
else take hold of your food for you
and digest it as it comes into the
stomach, something that is harmless
but that really does the work of di-
gesting, quickly and thoroughly.

This "something" is Stuart's Dys-
pepsia Tablets, the most effective lit-
tle tablets in the world for curing
anything that may be wrong with
your stomach. One ingredient of
these precious little workers digests
3,000 grains of the coarsest or richest
food put into the stomach. Think
of it, 3,000 grains! They are really
an artificial stomach, because they
act just like the stomach, they digest
your food, just as though you didn't
have a stomach at all. It supplies the
stomach with the digestive juices
which have become weak and scanty.

Then you indigestion, dyspepsia,
sour risings, brash, belchings, acidity,
fermentation, loss of appetite, aver-
sion to food, bloaty feeling, heart-
burn and nausea, will be no more.
You can then eat anything you want,
all you want, whenever you want,
and your stomach will feel fine before
and after your meals. Your appetite
will be a thing of pleasure to have,
your meals will be a pleasure to eat
and relish, and your digestion will be
thorough and soothing to the whole
body.

You can't do your work well, or be
cheerful, or have energy or vim or
ambition, when your stomach is bad.
Make yourself feel good after a
hearty meal, feel good all over, clear
your mind and make you enjoy life,
by taking Stuart's Dyspepsia Tablets.

Give your stomach a rest, so it can
right itself, then you need fear nothing.
Send us your name and ad-
dress today and get a free sample
package of Stuart's Dyspepsia Tablets
by return mail. After you have tried
the sample, you will be so thorough-
ly convinced of what they can do for
you that you will go to your nearest
druggist and get a 50c box of them.

Mail-Carrying Graft Will Go on as
No Reduction Will be Made of
Present Rates.

Washington, Feb. 20.—Item after
item alleged to come under the head
of new legislation was stricken from
the postoffice appropriation bill in the
House Tuesday afternoon on points
of order, most of which were really
made by Chairman Overstreet himself.
Among the items cut out, the most
important were those providing for a
reclassification of postoffice clerks and
an increase in their salaries, and pro-
viding increased salaries for rural
mail carriers.

Against these items Democratic
members gave notice that they re-
served points of order, whereupon
Chairman Overstreet said that in or-
der to save time he would make the
points of order at once himself and
let the items go out.

The items by which it was expected
to save the Government several mil-
lion dollars annually in the cost of
carrying the mails were not reached
in the bill. But as points of order
were made by Democrats against the
items given above, the Republicans
now feel less hesitation about making
points of order against those that
would cut down the profits of the
railroads for carrying the mails.

The program of the House leaders is
to bring in a rule later under which
the items knocked out Tuesday will
be restored to the bill. This rule has
already been drawn up. But no rules
will be provided to save the items to
which the railroads object so strenu-
ously.

The whole course of the House
leaders in this matter shows that not-
withstanding the clear demonstra-
tion that has been made over and over
again of the excessive pay the rail-
roads are receiving for carrying the
mails, the leaders of the House are so
thoroughly under the railroad influ-
ence that they will not do their plain
and urgent duty by reducing the com-
pensation of the roads for carrying
the mails to just figures.

Have You Compared the Garments in the Undermuslin Sales?

Women do not forget the lesson of experience; and as was to be expected, hundreds were ready to come here for their Spring supply of Muslin Underwear. Of course today's selling exceeded that of the first day. Have you compared the underwear in the many sales? You will find some better than others and *Ours Best of all*. There can be no well founded doubt about this. Our year round standard is about the average and so far as can be learned by careful comparisons, this is the only store that adheres to its standard of quality in special sales. You can come here and buy for less money than usual, garments just as good as you are accustomed to wearing. *One-third less in many cases*. Any fair minded judge, after looking over our immense line will make some such unqualified decision as this, "Best in Newark for the Money!" Prove this for yourself, Once for all, Tomorrow.

LITERARY SOCIETY GIVES CONCERT

Judges Unable to Render Decision in Debate—Wooster-Denison Basket Ball Game.

Granville, O., Feb. 20—One of the most enjoyable events that has taken place in college circles for some time was the Calliopean Literary Society Extra, given in Recital Hall on Tuesday evening, February 19. There was a large attendance and the following program was enjoyed to the full:

Piano solo, Karl Eschman, Fugue—Rheinberger.
Essay, Earl R. Scheffel, Childhood's Pathos.
Oration, Millard L. Lowery, Richer Than Croesus.
Story, J. Harold Thomas, Le Malheurieux.
Vocal solo, Ellis P. Legler, selected.
Monologue.

Debate, Resolved, That Jack the Giant Killer was more worthy of

emulation than Napoleon. Affirmative, Theodore S. Johnson; Negative William B. Storm.

The judges were unable to agree and announced the honors even. The committee having the matter in charge was composed of Francis F. Patrick, Millard L. Lowery and J. Harold Thomas.

On Tuesday evening, February 20, the Inter-Collegiate Debate between Hiram and Denison will occur. The debate will take place in the Granville Opera House and will commence at 8 o'clock sharp. The question to be discussed is, "Resolved, That the policy of the government of the United States should be tariff for revenue only."

If you are a student attend the debate and get information on a live question; back up your team, show your interest in your college and take your girl. If you are not a student you will get valuable information on tariff legislation, hear some spirited intellectual debating and have the facts on both sides of a permanent issue fairly discussed. The debate promises to be an unusually interesting one.

Mr. and Mrs. Charles Hamilton and daughter Miss Fannie, of Cleveland, who have been visiting here for several

days, returned home Wednesday morning.

The funeral of the late Thomas Dunaway, the veteran Civil war soldier, who passed away at his home one mile west of Granville on Tuesday morning, will take place Thursday afternoon at 1:30 o'clock. The services will be held at the Methodist church, and the interment will be made in Maple Grove cemetery.

Misses Ella and Minnie Holloway of Columbus, spent a few hours in the village Tuesday.

The basket ball game between Wooster and Denison to be pulled off in Cleveland Hall on Saturday evening, February 23, is looked forward to with unusual interest. Wooster's team has quite a reputation and the game promises to be warm and spirited. The boys should turn out in numbers to this game and encourage their team. The probability is that quite a number of the lovers of the game from Newark will come up to see the game.

The Philharmonic quartet is the next attraction on the Granville lecture course. This famous musical organization is booked for an appearance at the Opera House on the evening of Wednesday, Feb. 20.

CREIGHTON'S WILL

Disposes of an Estate Valued at Over Six Million Dollars.

Omaha, Neb., Feb. 20—The will of the late Count John A. Creighton, who was born in Licking county, O., was filed for probate Monday afternoon. It makes specific bequests of \$1,150,000 of which \$250,000 goes to relatives and his housekeeper, and \$900,000 goes to educational and benevolent institutions, the Creighton university leading with \$500,000. But all that is left over, estimated to be upward of \$5,000,000 is to be distributed among the beneficiaries specifically named in the will in the same proportions that they shares bear to the whole amount. This it is estimated each one will receive four to five times as much as specifically named.

The following institutions besides Creighton university are given the amounts named as relative shares in the residue of the estate: Creighton Memorial (St. Joseph) Hospital, \$200,000; Little Sisters of the Poor, \$50,000; Working Girls' Home, \$50,000; Sisters of Good Shepherd, \$50,000; Sisters of Poor Clare, \$50,000.

The recommendation of a Limburger cheese diet for consumptives looks like a step toward a remedy based on common sense.

LITTLE TOT FELL INTO A BUCKET OF HOT WATER

And Was So Terribly Scalded That Death Was the Result After Hours of Suffering.

Lock, O., Feb. 20—Little Winnie Moreland, the three year old daughter of Mr. and Mrs. Basil Moreland, residing one mile west of Lock, was so badly scalded Monday afternoon that she cannot recover.

Mrs. Moreland had been washing and had placed a big bucket of hot suds on the kitchen floor and while she stepped outside to get a mop the child came into the room and accidentally fell into the vessel.

Her cries reached the ears of her mother and she rushed into the room to find her daughter in the bucket of scalding water.

Dr. Gant of Centerville was called in attendance and found that half the surface of the child's body was badly scalded and all hope of recovery has been given up. An Tuesday afternoon at 4 o'clock the child was relieved from its sufferings by death.

There are eight children in the Moreland family and all eight had the measles at the same time, and are just recovering from the disease. The funeral of little Winnie took place at 2 o'clock this afternoon.

The Rev. Dr. McKenzie, archdeacon of Columbus, will be the preacher at this service.

Saved My Life.

Is the statement of Mr. John Wilson of Washington, Pa. He writes: "That after lying in bed for eight long months and having an expert doctor on chronic disease from Philadelphia, treat me, I did not receive any benefit until as a last resort friends prevailed on me to try Dr. Jackson's Remedies. After two weeks treatment I could sit up in bed and in six weeks I was able to be down stairs on crutches. Now I am well and hearty and weigh 225 pounds. I want all to know that Dr. Jackson's Digestive and Liver Powders and other Remedies saved my life, and as a reward I have sent him hundreds of patients in the last year."

Dr. JACKSON'S DIGESTIVE AND LIVER POWDERS cured Mr. Wilson by giving him good nutritious food and then properly digesting it and not allowed to lay in the stomach and ferment. Our Blood and Nerve Tonic toned his nerves, acted on the kidneys and brought appetite, the Liver and Bowel Tonic regulated the bowels. Our Digestive and Liver Powders contain every ingredient in the proper proportions to digest a hearty meal and being in powder form they dissolve as soon as they reach the stomach and give immediate relief. If you are in doubt about our statements write to Mr. Wilson, 1000 Jefferson Ave., Washington, Pa.

On sale by all druggists or sent direct. Price 50c and \$1.00.
If you want medical advice free, write to A. L. Jackson, M. D., President of The Jackson Medicine Company, Zanesville, Ohio.

Itching, bleeding, protruding or blind piles paid to Dr. Jackson. Chronic cases soon relieved. Finally cured. Druggists all sell it.

RULED IN A RUNAWAY.
Londonville, O., Feb. 20—The nine year old son of Mr. and Mrs. James O'Herron of this place was killed on Tuesday morning in a runaway accident. The boy was going in a wagon while crossing the railroad tracks. He was frightened at a locomotive, and the boy was thrown from the wagon. His skull was fractured and he remained unconscious until death resulted.

Probably it was a fortune that the shah of Persia left no property. He left 999 wives.

DEATHS AND FUNERALS

DANIEL FRANCIS.

Mr. Daniel Francis, one of the oldest employees of the B. & O. at this point, died at the Newark Sanitarium Tuesday afternoon. Death was due to heart disease. Mr. Francis was 51 years of age and has been in the employ of the road for a number of years in the capacity of yard engineer.

A few days ago Mr. Francis applied for membership to the B. & O. E. but he had not been notified of his acceptance at the time of his death.

The deceased, who was a brother of the late well known Milo and David Francis, leaves one brother, John of Montgomery, Ala., and one sister, Mrs. Henry Hardman of Mansfield, O.

The funeral will take place at St. Francis de Sales church Thursday morning at 9 o'clock, the Rev. S. M. O'Regan officiating. Interment in the family grounds at Cedar Hill.

CARD OF THANKS.

Through the columns of the Advocate we desire to return our sincere thanks to the neighbors our mother, for the kindness shown our mother, Mrs. Amanda Murdock during her illness and after her death. The Family.

To Consider Ship Subsidy.

Washington, Feb. 20—Ship subsidy probably will be considered by the house at night sessions late this week. Speaker Cannon and Representative Watson, the Republican whip, were at the White House in conference with the president concerning the matter, and although no positive agreement has been reached, Mr. Watson said that it now seems likely that the Liberator bill will be considered on the floor. To ease the subsidy measure is taken up in the house, it will probably be under a rule limiting the debate to two evenings, and the bill will be sent to a committee.

CATARH BLOOD DISEASED AND SYSTEM DISORDERED

Catarh is not merely an inflammation of the tissues of the head and throat, as the symptoms of ringing noises in the ears, mucus dropping back into the throat, continual hawking and spitting, etc., would seem to indicate; it is a blood disease in which the entire circulation and the greater part of the system are involved. Catarh is due to the presence of an excess of uric acid in the blood. The Liver, Kidneys and Bowels frequently become torpid and dull in their action and instead of carrying off the refuse and waste of the body, leave it to sour and form uric acid in the system. This is taken up by the blood and through its circulation distributed to all parts of the system. These impurities in the blood irritate and inflame the different membranes and tissues of the body, and the contracting of a cold will start the secretions and other disgusting and disagreeable symptoms of Catarh. As the blood goes to all parts of the body the catarrhal poison affects all parts of the system. The head has a tight, full feeling, nose continually stopped up, pains above the eyes, slight fever comes and goes, the stomach is upset and the entire system disordered and affected by this disease. It is a waste of time to try to cure Catarh with sprays, washes, inhalations, etc. Such treatment does not reach the blood, and can, therefore, do nothing more than temporarily relieve the discomfort of the trouble. To cure Catarh permanently the blood must be thoroughly purified and the system cleansed of all poisons, and at the same time strengthened and built up. Nothing equals S. S. S. for this purpose. It attacks the disease at its head, goes down to the very bottom of the trouble and makes a complete and lasting cure. S. S. S. removes every particle of the catarrhal poison from the blood, making this vital stream pure, fresh and healthy. Then the inflamed membranes begin to heal, the head is loosened and cleared, the hawking and spitting cease.

I had Catarh for about fifteen years, and no man could have seen worse than I. I could hear of, but no good resulted. I then began S. S. S., and could see a little improvement from the first bottle, and after taking it a short while was cured. This was six years ago, and I am as well today as any man. I think Catarh is a blood disease, and know there is nothing on earth better for the blood than S. S. S. Nobody thinks more of S. S. S. than I do.

M. MATSON, Leper, Mich.

S.S.S.

PURELY VEGETABLE

every symptom disappears, the constitution is built up and vigorous health restored. S. S. S. also tones up the stomach and digestion and acts as a fine tonic to the entire system. YOUNGSTOWN MUST STAY IN O-P LEAGUE

Cleveland, O., Feb. 20.—At a meeting of the magnates of the O. P. league here today it was decided that Youngstown must remain in the O. P. league. Citizens of that place have promised to equip baseball grounds which the street car company has already pledged itself to furnish. The proposition to admit Erie and Sandusky was voted down by the magnates.

UTICA GUN CLUB SHOOT.

Utica, O., Feb. 20.—The Utica Gun club, Utica, O., will give a two day tournament on their grounds Wednesday and Thursday, April 3 and 4. Each day's program will consist of 12 events of 10, 15 and 20 targets each, a total of 180 targets a day; entrance \$18.

Ten target events will be divided 60 and 40 percent; 15 target events will be divided 50, 30 and 20 percent; 20 target events will be divided 25, 15, and 25 percent.

This tournament will be conducted on the "your money back" plan. Anyone shooting through the entire program and not winning their entrance back, the difference will be made up by the Utica Gun club, so that no matter how poorly you may shoot, the only possible cost will be the usual charge for the targets.

Arrangements are now being completed to have everything in "apple pie" order so as to conduct the shoot in a modern and up-to-date manner.

Our accommodations will be of the best; our traps will be right, and the popular Blue Rock targets will be used and not thrown over 45 yards.

If you are a shooter and not up to "grade" you can now have a chance to enjoy the sport in the fullest sense of the word, and know before hand that you will go home "whole and happy."

Respectfully, The Utica Gun club.

Cromley Signs With Hoosiers. Mt. Vernon, Feb. 20.—Tate Cromley, the lawyer baseball pitcher, has forwarded his contract to Manager Watkins of the Indianapolis team of the American association.

Cromley enjoys the distinction of being the only practicing attorney in the association, having successfully passed the bar examination this winter. The Mt. Vernon pitcher also enjoys the unique distinction of being the only pitcher in the association who will not be required to play Sunday ball. The contract was received some days ago, but the big twirler held it until Tuesday, pending arrangements by which he could accept an offer made by Wabash college, Crawfordsville, Ind., to coach. Manager Watkins offered no objections, and Cromley will leave March 1 to begin his work with the college team. Cromley predicts that Columbus will not win this season's pennant. He thinks Indianapolis will finish above the Senators.

BASKET BALL

Newark High school basketball players will tonight prove the falsity of the report printed in another paper that the team was to disband because of two defeats. Marion High school, a team composed entirely of practical new players this year, will oppose the local school tonight.

It takes more than two defeats to make the Newark team throw up the sponge and the game at the Y. M. C. A. gym tonight promises to be the warmest contest yet seen in Newark basket ball circles.

Doane "Cads" Against Mites. Doane academy basket ball team from Granville will meet the Independents of the School for the Deaf at Columbus at the latter's gym Friday afternoon.

TO GIVE SUPPER FOR BASKET BALL PLAYERS TONIGHT

The Newark High school basketball team and the visiting team from Marion High school will be entertained tonight by Mr. Stanley Wilson, one of the basketball squad, at his home on Eleventh street with a chicken pie supper. The supper will be in honor of several members of the Marion High school team with whom Mr. Wilson camped at Buckeye Lake last summer.

ZANESVILLE MAY HAVE TROUBLE TO GET IN FOLD

AKRON THINKS YOUNGSTOWN WANTS CENTRAL LEAGUE BERTH.

5 CLUBS MUST RATIFY SALE

Youngstown Will Send Delegation to Cleveland to Block Efforts of League to Confirm Transfer.

Cleveland, O., Feb. 20.—After all the hard work that has been done by the Zanesville baseball committee in purchasing the Youngstown franchise, it may yet be lost to them when the league is called upon to formally ratify the sale to Zanesville. It will take five votes out of the seven voting to ratify the sale, and this means that but three towns will have to vote against Zanesville to keep her out of the Ohio and Pennsylvania league.

It looks as if Zanesville will have a hard time in breaking into the league. This is not because of any objection to Zanesville, but because the other towns do not want to see Youngstown go out of the league. The loss of Youngstown would fall especially hard upon Sharon and New Castle, as these cities depend upon the proximity and rivalry of Youngstown to support their clubs.

Youngstown fans are panic stricken over the prospects of losing their pet manager and his bunch of ball tossers. They want a little time before the transfer is ratified by the other clubs of the league. A Youngstown committee it is said, will go to Cleveland with the intention to block the transfer if possible.

It is a cinch that if the Youngstown delegation does not appear at the meeting the league will either have to ratify the sale, or show Marty, for he will demand that any city voting against the sale hand the sum of \$2000 over for the Youngstown franchise.

May Depend on Sharon.

It seems at present to depend upon the action of Sharon as to what will be done if the Youngstown people ask for more time. New Castle and Akron have announced that they will vote against the sale, and if Sharon does the same thing it will mean to Zanesville the loss of the Youngstown franchise. Sharon has in a half hearted way said that she would vote for Zanesville, but this is taken by many with the proverbial grain of salt. Lancaster, Newark, Mansfield and Marion are lined up for Zanesville.

Will Gray of Lancaster, has assured Zanesville of his support and announces that things are in a flourishing condition in Lancaster, and that that town will stick in the O. P. league. The southern cities are glad to see Youngstown get out of the league, and they think that Zanesville is a better baseball town.

Akron refuses to vote for the sale because they fear that Youngstown only wants to break into the Central league.

Mischler of Sandusky, is working hard to have an Ohio league formed. This would mean that New Castle and Sharon would be dropped and Sandusky and Lima admitted in their stead. There does not seem to be much hope for this plan.

YOUNGSTOWN MEETING.

Youngstown, O., Feb. 20.—At the eleventh hour the fans and business men of this city have been aroused to making an effort to retain the O. P. league franchise for Youngstown. Last night an enthusiastic meeting of interested persons was held in the effort to stem the tide. President Sanderson of the street railway company was telephoned to at his home in New York. He reassured the meeting that the company would build a fence and furnish the diamond for the proposed new ball park.

A delegation will be in Cleveland instructed to use every effort to have the matter of the sale of the Youngstown franchise to Zanesville deferred for two weeks at least, to give this city an opportunity to raise the necessary subscription to retain the franchise. Considerable money has already been pledged, it is said, and more will be forthcoming at once, providing the deal is not confirmed immediately.

A special from Cleveland says: The managers of the O. P. baseball league will meet today in the Hollenden hotel to pass upon the question of forming a ten club organization, and also to ratify or veto the sale of the Youngstown franchise to Zanesville. Fourteen members of the league are expected to be present at the meeting although none had arrived last night.

The representatives of the Akron club, President H. H. Gibbs and John T. Windsor, will oppose the transfer of the Youngstown branch of the O. P. league to Zanesville and vote against the formation of a ten club league. Gibbs said that if he was not mistaken Youngstown had forfeited her rights to the franchise and that the charter belonged to the league. He said he and the others would vote

against the ratification of the sale.

The Akron men expressed the belief that the deal between Youngstown and Zanesville has for its object the establishment of Youngstown in the Central league. According to O. Wallenweber, president of the Marion baseball company, the O. P. league will become a strictly Ohio organization, should Sharon and New Castle drop out.

ZANESVILLE DEAL STIRS UP LEAGUE

ERIE AND SANDUSKY ACCEPTABLE IN PLACE OF NEW CASTLE AND SHARON.

Price Paid by Muskingum County People for Youngstown Club Considered Low One.

Zanesville, O., Feb. 20.—In buying the franchise, team and good will of the Youngstown Baseball company, the Zanesville company has started something on O. P. league circles that will have to be solved at the meeting of the magnates of the league to be held at Cleveland Wednesday afternoon and night and probably Thursday.

Already word has reached here of the desire of both New Castle and Sharon to sell their franchises, and it is barely possible that a reorganization, instead of expansion, will be the result of the meeting at Cleveland.

Zanesville, Akron, Mansfield, Newark, Lancaster and Marion are sure to "stand pat" and it has already been suggested here that, in the event both Erie and Sandusky still want in, a solution of the problem can be reached by those two cities taking the places of Sharon and New Castle.

On the same day that the league magnates turned down the expansion idea and destroyed both the hopes of Sandusky, Erie and Zanesville, the local committee got busy and negotiations were begun to buy the franchise and team of some other club.

Mansfield looked the easiest and a deal was on for the purchase of that club, but was interrupted by the Smith defection in Lancaster and the probability of that team being sold. Zanesville wanted to buy the Lancaster team and franchise and would have done so had not the Youngstown team been so suddenly thrown on the market.

This deal was really made over the telephone Sunday afternoon, though the actual transfer was delayed until Monday, when the committee composed of A. P. Rogge, W. E. Deacon, Mammie Levi and M. S. Gauder visited Youngstown and bought outright the franchise and team and signed Marty Hogan to manage the club. Hogan will represent Zanesville at the league meeting in Cleveland today and Thursday.

Zanesville offered Mansfield \$2500 for the franchise and team and had offered \$4000 for the Lancaster bunch, so it will be seen that by paying only \$3000 for the champion Youngstown Steel Workers, the local company really got a bargain as baseball bargains in a minor league are understood.

The following players are included in the transfer of the team to this city: Ostelck, Starr, McDonnell, Kelly, Fischer, Schettler, Bailey, Smith, Limeborn, Hole, B. Thomas, Blount, Pink, McSwaney, Keely, Breen, McClintock, McCloskey, - Hilley and Case.

It is also believed here that in the event Outfielder Will Thomas and Pitcher Kennedy who were drafted by Cincinnati from Youngstown last fall are not needed by these teams, they will be returned to the club from which they were drafted.

Thomas of the Reds and Fohl, it is believed here, have gone to stay, as Thomas will be retained by Cincinnati as a utility and that Fohl will be a good assistant for Bert Blue in Columbus. Incidentally it was from Zanesville that Bert Blue was secured by the Columbus management at the close of the season of 1905. It is not thought that Kennedy is quite ripe for the big league and that he will eventually again come under the Marty Hogan banner at Zanesville.

All the local subscribers to the stock company walked up and plunked down the money yesterday and the Zanesville representatives at today's meeting at Cleveland will have plenty of coin to back up every statement they make. The \$2000 paid for the Youngstown franchise is already in President Morton's hands.

The local committee will organize as soon as the Cleveland meeting adjourns. Marty Hogan will be the manager and it is said that Larry Merriek, a well known sporting writer, is to be secretary of the club.

Zanesville will be represented at the Cleveland meeting by Marty Hogan, Larry Merriek, George Carr and Enoch Somers, who left for that city last night.

HARD WORK IS BEING DONE BY THE BOARD OF TRADE TO RAISE NECESSARY FUNDS

For the Promotion of the Manufacturing Interests of the City--Committees Not Meeting With Deserved Success--
Mass Meeting to be Held Thursday Night.

The Newark Board of Trade is hastening to raise the \$12,000 necessary to promote the proposed manufacturing industry for the city. It should not be forgotten that this subscription is for the purpose of aiding and promoting a number of other industries, which are already so well under way that the additional subscription will practically insure a number of very important announcements for the near future.

A general mass meeting of citizens and members of the board is to be held in the council chamber Thursday evening at 7:30 when the matter will be fully discussed and considered.

The committees appointed were busy Tuesday canvassing the city for the funds necessary to be raised for the purpose of locating new industries and enlarging and promoting those which are here. They met with only moderate success. They report that some merchants who would be benefited most refused to give anything; that men owning large tracts of real estate in the city either refuse to subscribe or want to put the committee off with a wily ploy.

We are very much surprised that with hundreds of houses and business rooms standing idle, any merchant or real estate owner would refuse to assist the board of Trade in its very laudable effort to boom Newark and fill up these houses and rooms. Those who would not lend a hand at such a time as this, do not deserve and should not receive the patronage of any one in this community. Let their goods remain on the dusty shelves and their houses remain idle. They no doubt hope to hold back and let others bear the burdens and themselves reap the benefits.

Lancaster, Mt. Vernon, Coshocton, Zanesville and Columbus all have large active boards of trade, which are being assisted by the united efforts of the business men and real estate owners and Newark will have to take a back seat unless something is done at once.

Let us all pull together and raise the \$12,000 this week. Let every business man and real estate owner do his part and do it promptly.

The following committees were appointed by the Board to look after the subscriptions:

Builders' Exchange Committee: James C. Linn, Harry Bailey, Harry Palmer.

West End Committee: C. E. Cochran, John Fulton, Fletcher Scott.

ROLAND LODGE HELD EXERCISES

COMMEMORATING THE INSTITUTION OF THE KNIGHTS OF PYTHIAS.

About 150 Guests Were Present—Uniformed Rank Will Celebrate Wednesday Evening.

Roland Lodge, No. 305, Knights of Pythias, celebrated the anniversary of the institution of the lodge Tuesday night with an open meeting. There were about one hundred and fifty persons present, and a most enjoyable time was had by all who were present. The program rendered being one of unusual merit. One of the features of the evening was the presentation of a Past Chancellor jewel to Brother J. L. Smith and a P. G. R. jewel to Henry Pfeiffer, and handsome rings to P. L. Pratt, C. L. H. Long and J. I. Smith for services rendered the lodge. The evening's entertainment was enlivened with a number of graphophone selections, while Brother J. M. Ankele acted as toastmaster. Following was the program as carried out:

Address of Welcome—J. M. Ankele, C. C.

Piano Duet—Messdames Smith and Williams
